Kathleen Kelm (2010) Edgewood College	Mike Smith (Teaching Cases) High Point University

Overview

EDSIG is a growing organization and needs your input and suggestions to better meet our members' needs. This panel and discussion will seek your input on how EDSIG, its conferences and its journals can better serve our members. In addition we will be soliciting volunteers for future conferences, journal assistant editors and EDSIG leadership positions. All are welcome to come and offer suggestions.
